

Pre-wired Square DIN Lead

Sold Individually

www.qvee.com.au

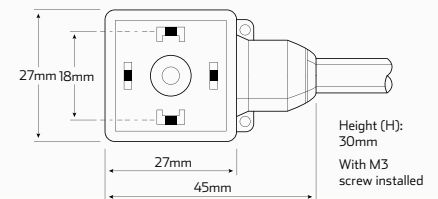

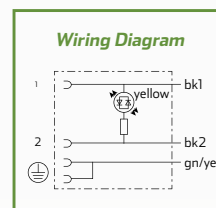

DESCRIPTION

Square DIN lead plug with a pre-wired cable, suitable for 12 or 24 Volt application. IP67 rated. Encapsulated terminals, good resistance to chemicals and oil. Plug type form A. 2 Pole connection.

FEATURES

- 12/24 Volt applications
- IP67 rated water and dustproof
- PVC cable insulation
- Manufactured in Europe
- Conforms to CE specifications

TECHNICAL SPECIFICATIONS

Suitable Voltage	• 12 / 24 Volt applications
Withstanding Voltage	• 240V AC/DC +/- 25%
Cable Size	• 0.75mm ²
Cable Material	• Copper
Cable Insulation	• Black PVC

Housing Material	• Plastic, encapsulated
Chemical & Oil Resistance	• Yes, when properly installed
IP Rating	• IP67, when properly installed
Operating Temperature	• -30°C to 70°C
Approvals	• Conform to CE specifications

PART NUMBERS

Part Number.	Voltage	Connection	Cable Length	Description
QVDINLEAD3M	• 12/24 Volt	• 2 pin + earth	• 3m pre-wired cable	• 2 pin + earth square DIN connector with 3m pre-wired cable
QVDINLEAD5M	• 12/24 Volt	• 2 pin + earth	• 5m pre-wired cable	• 2 pin + earth square DIN connector with 5m pre-wired cable
